My name is John, and this is my story. Last year just before Christmas my family and our cousin and uncle and aunt decided to go to Perth for holiday. We went in two cars but when we were about halfway there my uncle wanted to turn round and come back. He said it was too far, and it was terribly hot too, one day it was 48<sup>0</sup>C . Even at night it was really hot. Anyway, what we decided to do was to drive back about 160 km to a place where the train went through. Then we put both cars on the train and we all went to Peth by train. That was fun. It was a good train.

We had a good time in Perth but we had to cut our holiday short. You see, while we were there my grandmother (my mother's mother) in Melbourne died. Most of us flew back but but my Dad and my uncle came on the train with the cars and then had to drive back to Melbourne from Port Pirie.

It was a really strange holiday because nothing went the way we planned it.

#### KEEPING OUR TEETH HEALTHY

It is very important to have healthy teeth. Good teeth helps us to chew our food. They also help us to look nice.

How does a tooth go bad? The decay begins in a little crack in the enamel covering of the toot. This happens after germs and bits of food have collected there. Then the decay slowly spreads inside to tooth. Eventually, poison goes into the blood, and we may feel quite ill.

How can we keep out teeth healthy? First, we ought to visit our dentist twice a year. He can fill the small holes in our teeth before they destroy the teeth. He can examine our teeth to check that they are growing in the right way. Unfortunately, many peole wait until they have toothache before they see a dentist.

Secondly, we should brush our teeth with a toothbrush and fluoride toothpaste at least twice a day – once after breakfast and once before we go to bed. We can also use wooden toothpicks to clean between our teeth after a meal.

Thirdly, we should eat food that is good for our teeth and our body: milk, cheese, fish, brown bread, potatoes, red rice, raw vegetables, and fresh fruit. Chocolate, sweets, biscuits and cakes are bad, especially when we eat them between meals. They are harmful because they stick to our teeth and cause decay.

**MEALS IN BRITAIN**

A traditional English breakfast is a very meal: sausages, bacon, eggs, tomatoes, mushroom ..... But nowadays many people just have cereal with milk and sugar, opr toast with marmalade, jam, or honey. Marmalade and jam are not the same! Marmalade is made from oranges and jam is made from other fruit. The traiditional breakfast drink is tea, which peole have with cold milk. Some people have coffee, often instant coffee, which is made with just hot water. Many visitors to Britain find this coffee disgusting!

For many people lunch is a quick meal. In cities there are a lot of sandwich bars where office workers can choose the kind of bread they want – brown, white, or a roll – and then all sorts of salad and meat or fish to go in the sandwich. Pubs often serve good, cheap food, both hot and cold. School children can have a hot meal at and perhaps some crips.

“Tea” means two things. It a drink and meal! Some people have afternoon tea, with sandwich, cakes, and, of course, a cup tea. Cream teas are popular. You have scones (a kind of cake) with cream and jam.

The evening meal is the main meal of the day for many people. They usually have it quite early, between 6.00 and 8.00, and often the whole family eats together.

On Sundays many families have a traditional lunch. They have roast meat, either beef, lamb, chicken, or pork, with potatoes, vegetables and gravy. Gravy is a sauce made from the meat juices.

The British like food from other countries, too, especial Italian, French, Chinese and Indian. People often get take – away meals – you buy the food at the restaurant and then bring it home to eat. Eating in Britain is quite international!
